Yesterday all day everything was bustle and work at Mercer Park, where the carnival is to be held. Carpenters, both regulars and amateurs, electric linemen, as well as at-

## TORTURED BY ITCHING SCALP

Eczema Broke Out Also on Hands and Limbs—Suffering Intense—Doctors Said Too Old to Be Cured—An Old Soldier of 80 Years Declares:

### "CUTICURA TREATMENT IS A BLESSING"

"At all times and to all people I am willing to testify to the merits of Cuticura. It saved me from worse than the tortures of hades, about the year 1900, with itching on my scalp and temples, and afterwards it commenced to break out on my hands. Then it broke out on my limbs. I was advised to use salt and water, which I did, to no effect. I then went to a Surgeon, who commenced treating me with a wash of borax. This treatment did me no good, but rather aggravated the disease. I then told him I would go and see a physician in Erie. The reply was that I could go anywhere, but a case of eczema like mine could not be cured; that I was too old (80). I went to an eminent doctor in the city of Erie and treated with him for six months, with like results. I had read of the Cuticura Remedies often. I was strongly tempted to give them a trial, so I sent for the Cuticura Soap, Ointment, and Resolvent and continued taking the Resolvent until I had taken six bottles, stopping it to take the Pills. I was now getting better. I took two baths a day, and at night I let the lather of the Soap dry on. I used the Ointment with great effect after washing in, warm water, to stop the itching at once. I am now cured.

"The Cuticura treatment is a blessing and should be used by every one who has itching of the skin. I can't say any more, and thank God that He has given the world such a curative. You can use this letter as you please. A very much befriended man, Wm. H. Gray, 3303 Mt. Vernon St., Philadelphia, Pa., August 2, 1905."

Complete External and Internal Treatment for every Humors from Pimples to Scrofula, from Infancy to Age, consisting of Cuticura Soap, 25c; Ointment, 50c; Resolvent, 50c. taches of the great shows, were as busy as bees, everyone working as if the success of the week's entertainment depended on their individual exertions. Before the going down of the sun all the electric apparatus were placed and ready for the blaze of light to be turned on and the fun to begin.

Mr. Robinson wanted to know if the Kentuckian had made "a special order for this cold weather." Our representative laid the cold wave on Weather Clerk Randle, but promised to use his influence for a change for the better in twelve hours. We would be glad to see the weather more comfortable throughout the week, for Mr. Robinson says he has an unusual fine lot of attractions, and we would be glad for him and the Knights of Pythias and firemen to have a successful close of carnival week.

## OVERCOME BY FOUL AIR.

Henry Otam While Cleaning Well Died in Four Minutes.

**WAS DRAWN OUT DEAD.**

Could Have Been Saved if He Had But Rope Under Arms.

On the farm of M. K. Anderson, east of the city, is a well about 40 feet deep. Friday a negro man by the name of Henry Otam went down to clean out the well, the mud to be drawn out in a tub by men at the top. After going down and filling the tub the first time the foul air began to have its effect. The men at the top were notified by Otam that he was in danger. The rope was let down and he was told to put the rope under his arms. Why he did not do this no one knows. It may be that he was already become too weak. Looking into the well the men then saw that the man was down and could hear his heavy breathing. Of course it was not considered safe for any one to descend to fasten the rope around the man and he died in a few minutes.

Finally grab hooks were resorted to, and after several efforts the hooks took hold of the dead man and he was drawn out.

Mr. Anderson's farm lies on the left of the Nashville road, going from town, two and a half miles, and it is on which Mr. Wallace Warfield lived several years ago, but which was bought by Mr. Anderson from 'Squire Tom Williamson recently, Mr. Anderson coming here from Todd county.

There was considerable excitement about the well when the unfortunate negro's predicament was known, many persons passing stopping to offer suggestions or render any assistance possible, but self-preservation forbade any one going down into the well to the rescue.

### Farmers' Meeting.

The Farmers of the county are requested to meet in Moayon's Hall next Monday. Mr. Radford, the chairman of the county committee, requests the attendance of all who can attend. The precinct chairmen especially should not fail to come and report promptly on their arrival.

## THEIR ESCAPE WAS NARROW.

Three Men Thrown From Buggy and One Badly Hurt.

**HORSE WAS KILLED.**

Bad Accident Occurred On Virginia Street Saturday Night.

What came near proving a fatal accident occurred in the city about 9:30 o'clock Saturday night. Messrs. A. Draper and J. J. Stevenson were preparing to start to their home in South Christian, and Mr. W. H. Draper, brother of the former, got in the buggy with them to ride to his residence on South Virginia street. In making a turn in the street in front of Cooper's stable, a wheel locked. This threw the weight of the three men on one side and a spring was broken. The occupants were thrown to the ground and W. H. Draper's head struck the street with such force that he was rendered unconscious for several hours. J. A. Draper sustained a slight injury to his right foot, but Mr. Stevenson escaped without a scratch.

When the spring broke it made a noise similar to the report of a pistol and the animal, a four-year-old mare, attempted to run. J. A. Draper, owner of the mare, seeing that the street was crowded with vehicles, held on to the lines and pulled her down. The animal's head struck the pike with great force and her skull was crushed, death resulting in a few minutes. The mare was a valuable one. Her owner had refused an offer of \$450 for her about two weeks ago. Another horse belonging to Mr. Draper, while being driven last Tuesday, fell and his neck was broken. This was a valuable animal also, Mr. Draper having refused \$200 for him.

The condition of Mr. W. H. Draper was considerably improved yesterday and he is considered out of danger.

### The Weather.

For Kentucky—Tuesday fair, with rising temperature.

Miss Louise Carr arrived from Nashville yesterday to attend the graduation of her sister, Miss Mary Carr, at Bethel College.

## THE SIX PRETTY GIRL GRADUATES AT BETHEL COLLEGE.

Reading left to right:—Viola Williams, B. A., Hopkinsville; Mary Carr, B. A., Clarksville, Tenn.; Lillian Eades, M. A., Greenville, Ky.; Mary Garnett, B. A., Hopkinsville; Jean Pallard, M. A., Clarksville, Tenn.; Ethel Golladay, B. A., Gracey, Ky.

Bethel College will conclude its commencement exercises with the awarding of diplomas to-morrow night by Dr. Edmund Harrison, President of the college, to six young lady graduates. The Pupils' Recital was given Saturday night and was enjoyed by a large crowd. Sunday night at the Baptist church the Baccalaureate address was delivered by Rev. M. C. James, of Russellville, Ky. Dr. James is a speaker of fine presence and eloquence of diction and his discourse was able and most interesting. The pupils' recital, piano and voice, was given at eight o'clock last night. The Alumnae Reception and Lawn Fete will take place to-night with a Bazaar for the benefit of the college. To-morrow night the graduates will receive their well earned diplomas and certificates of proficiency will be awarded to the honor pupils. President Harrison will also deliver his annual address. The public is invited to the exercises to-night and to-morrow night.
